Our Response:

1. How often do you reflect on your life before Christ? How does it make you feel when you do?
2. Imagine where you would be without Christ. How would you have handled your last crisis without Christ?
3. Explain what Christ has done for you and the church using this passage as a reference.
4. Do you feel there are areas in your life where the dividing wall of hostility still exists?
5. How does your image of church differ after studying this passage? What are ways you can use your gifts, abilities and resources to help the church?
6. One of our core values at Petal FBC is Relationships over Isolation. Based on today's passage, how will you fight the temptation to isolate and develop key relationships within the church?
